SDI Review Form 1.6

Journal Name:	Asian Journal of Research and Review in Physics
Manuscript Number:	**Ms_AJR2P_43738**
Title of the Manuscript:	**A new look at formulation of charge storage in capacitors and application to classical capacitor and fractional capacitor theory**
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty'**, provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I had a look at this manuscript. This is truly a nice work, well written and nicely addressed. The material presented is good. The results and conclusions are clearly separated. The wording of the article is correct, with appropriate extension.	
Minor REVISION comments	Future research direction will be shown in Conclusion. Finally, in my opinion, you should explain your results in more detail in the introduction. References are adequate; however, other related works such as given below may also be cited. Gómez-Aguilar, J. F., Yépez-Martínez, H., Escobar-Jiménez, R. F., Astorga-Zaragoza, C. M., & Reyes-Reyes, J. (2016). Analytical and numerical solutions of electrical circuits described by fractional derivatives. Applied Mathematical Modelling. 40 (21–22), 9079–9094, (2016). Gómez F., Rosales J., and Guía M. RLC electrical circuit of non-integer order. Central European Journal of Physics, vol. 11, no. 10, pp. 1361-1365, 2013. M. Guía, F. Gomez, and J. Rosales, "Analysis on the time and frequency domain for the RC electric circuit of fractional order," Central European Journal of Physics, vol. 11, no. 10, pp. 1366–1371, 2013.	
Optional/General comments
