

**SDI Review Form 1.6**

Journal Name:	Asian Journal of Research in Agriculture and Forestry
Manuscript Number:	Ms_AJRAF_43305
Title of the Manuscript:	ANALYSIS OF COOKING ENERGY PREFERENCE AMONG HOUSEHOLD IN JOS NORTH LOCAL GOVERNMENT AREA, PLATEAU STATE
Type of the Article	Original Research Paper

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The other parameters would be considered like moisture content of fuels, method of ignition and design. The increase in fuel moisture content resulted in decrease in stove efficiency and method of ignition did not affect the efficiency of the stove and it showed significant influence on design of cook stove. The impact on environmental degradation and health is possible through specific cook stove design for biomass and kerosene use.	This comment is not actually in line with the aim of this study. Remember the study is focused on analysis of cooking energy preference among households in Jos North Local Government. It is not in any way addressing the efficiency of cooking stove.
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
