PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ul style="list-style-type: none"> i. The paper has minor typing errors eg. Line 63 ii. The write up should include all references referred in introduction literature review and also in materials and methods sections eg. Line 122 iii. The author should state whether the multistage sampling included stratified random sampling for the 14 wards (with wards having similar characteristics forming a strata) to ensure heterogeneity within wards was well represented in the 6 sampled wards 	<ul style="list-style-type: none"> 1. The minor typing errors corrected. 2. Stratified sampling was not used since the researcher was not sure of the wards having similar characteristics to form a strata. <p>Thank you.</p>
Optional/General comments	The paper has provided useful information that can contribute to use of alternative energy sources policy
