PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	The manuscript is about the Leaf Biomass Production and Prediction from Faidherbia albida in Semi arid land, Pokot County, Kenya submitted to the Asian Journal of Research in Agriculture and Forestry. The outcomes are of utmost importance in a local context of analysis. The title is informative and relevant; the aim is clear, and the abstract match the rest of the article. However, the paper lacks referencing, particularly in the discussion section. Many punctuation errors, some unclear sentences, inconsistent uses of words are found. Please check the manuscript carefully for the correction these errors. • Some illustrations are not well described. • Results were not well discussed. Add references to discuss and compare with international works.
