<p>The author accommodate all the required comments. The manuscript has been improved significantly. Well done:</p> <p>However, let the author check if it necessary to write the entire title of the paper in upper case lettersTREE SPECIES DIVERSITY AND STRUCTURE OF EDA FOREST RESERVE, EKITI STATE, NIGERIA My suggestion is "Tree Species Diversity and Structure of Eda Forest Reserve, Ekiti State, Nigeria"</p> <p>Indeed, let the author do minor corrections on proper insertion of the citation in the equations. For example: Line 115 and 116: I suggest to write like this: This determines both the richness and abundance of each tree species in the vegetation types using Eqn. 3 (Sanwo <i>et al.</i>, 2015).Follow this format in all the equations below.</p>
