Compulsory REVISION comments	Thank you for choice as a reviewer of this article. The paper describes ` <b>ANTIBACTERIAL POTENTIAL OF AQUEOUS EXTRACT OF NEEM (Azadirachta indica A. Juss) LEAF ON SPERMATOZOA QUALITY IN EXTENDED PORCINE SEMEN</b> `. I believe that this study lays the foundation for future studies. However, the paper needs language corrections before being published. The manuscript seems sloppy with multiple typos, misspellings and grammatical errors.	
Minor REVISION comments	References should be checked out for journal text rules. Several references should be added newest one (2017-2018).	
Optional/General comments	I think the paper is the result of a valuable piece of scientific research. It can be publish after minor revisions.
