PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	SOAP includes institutions from Primary to University levels. There will be a central cloud through which the whole system will be controlled. This cloud will consist of hardware, software and other cloud infrastructure to provide EaaS to the BoP people. This SAOB box will reduce the illiteracy rate of the BoP populaton and will help them to get a better life.	There will be a central cloud through which the whole system will be controlled. The people who will work in field level with SAOB use that cloud for necessary materials to provide EaaS to the BoP people. I corrected the line (Line no: 439-441) This SAOB box will reduce the illiteracy rate of the BoP populaton and will help them to get a better life. I corrected the line (Line no:497-498)
<u>Minor</u> REVISION comments	For well over a billion people roughly one-288 sixth of humanity per capita income is less than \$1 per day. In Bangladesh about 40.4% people are out of electricity.	For well over a billion people income roughly one-sixth of humanity per capita is less than 1 USD per day [18] ; I added reference [18] (Line no: 289-290) In Bangladesh until 2014, around 37.6% people are out of electricity [14] - Corrected (Line no: 417-418)
<u>Optional/General</u> comments	Education as a Service (EaaS) can only be accessed by the people who have laptop/desktop/pda/mobile phone/tablet etc and have strong internet connection. They don't have financial ability to pay for the service.	I have corrected it (line no: 334-338)
