<b>Compulsory</b> REVISION comments	<p><b>Good Work . Bit wise operations are an important concept hence this manuscript is justified in my view based on my Software Development background/High Performance Computing experience.</b></p> <p><b>e.g. Image Processing etc....</b></p> <p><b>Technical content is well designed defined and presented.</b></p>	Thanks for the positive assessment.
<b>Minor</b> REVISION comments	<p><b>Please check the English Grammar in some paragraphs.</b></p> <p><b>There is still some scope for highlighting some examples in the context of Image Processing Applications/High Performance Computing to make the manuscript even more interesting.However,it depends upon the Authors to decide keeping in view the timing constraints.</b></p>	Specialist in English, an English teacher at the university checked my work and corrected all errors seen them.
<b>Optional/General</b> comments	<b>Interesting and Inspiring work.Authors have done a good job.</b>
