General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	Overall manuscript is good. However there are several suggestions for improvement: IN abstract.. One line written.....He received different antibiotic therapies..... explain different therapies Row 37: of a Madura foot illustrating.....'M' should be small capital Row 43: showing Actinomadura madurae.....'A' should be small capital Row 75: Fungal (eumycetoma) or bacterial (actinomycetoma) aggregates.....fungal name and Bactria should be Italic. Please add more references during discussions.	
<u>Optional/General</u> comments
