General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The subject is relevant to health professionals' education. It is not usual to paste the whole questionnaire inside the article. It could be described in the article and used as a appendix. The manuscript tells that this questionnaire was used in previous studies, but do not describes the validation method neither gives any references on its construction and validation. This is an important aspect of the methodology. As for the text, there is important problems with the language, such as, commas missing and starting the phrases with numbers. This article should be reviewed	Thank you for the feedback. All the correction suggested are done.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
