

Editor's Comment:

I have read the manuscript entitled "The Effect of Different Pear Rootstocks on the Performance of Pear Cultivars Grown in Semi-Arid Climatic and High Calcareous Soil Conditions" (Ms_AJSSPN_37769) and the reports done by our reviewers. Based on these reports, and my own assessment as editor, I am pleased to inform the authors that it is potentially acceptable for publication in Asian Journal of Soil Science and Plant Nutrition.
