**PART 1: Review Comments**

|                                            | Reviewer's comment                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|--------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | <ol style="list-style-type: none"> <li>1. The acronym GHG was not defined, and should be defined from the beginning.</li> <li>2. In Line 109 Ahmed and Darwesh has no date of publication.</li> <li>3. Line 113 and 230 units were not properly written. There should be a space gap between a number and a unit.</li> <li>4. Please clarify this statement in line 172; mineral fertilizer was lower than come from the. Was lower than what?</li> <li>5. In line 229, fruits fresh should be written as fresh fruits.</li> <li>6. References in line 292 and 301 have no page numbers and should be included.</li> </ol> | Thanks,<br>OK, done.                                                                                                                                                                 |
| <b><u>Minor</u></b> REVISION comments      | In line 248, which rich in N should be written as which are rich in N.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                      |
| <b><u>Optional/General</u></b> comments    | Nil                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                      |
