

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Asian Journal of Soil Science and Plant Nutrition
Manuscript Number:	Ms_AJSSPN_36882
Title of the Manuscript:	Effect of micronutrients application of soil properties and soil nutrient content of sapota cv. Kalipatti under HDP system
New title:	Effect of micronutrients application on soil properties of sapota cv. Kalipatti under high density planting
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>1. Use superscripts a, b, c, d etc to indicate significant differences for Table 2.</p> <p>2. Use consistent treatment symbols : Is it T1, T2, T3 or T₁, T₂, T₃ ?</p> <p>2. Then under Discussion, use significant differences to report your comparisons.</p> <p>3. Use proper reference style. Be consistent with , before year at the reference section...if that is the reference style.</p> <p>4. Under Conclusion(s). State whether there was significant reduction in soil properties and which nutrient or combinations of treatments caused that!!! Conclusion(s) answer the objective question(s).</p> <p>Table format not completely changed . Use 2 horizontals line up and one below. See format below</p> <hr/> <hr/>	<p>Thanking you for giving voluble suggestions.</p>
