Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The author(s) should follow strictly the presentation format of the journal. For example the issue of citation in the text which is done by numbering and presented in the reference by numbers and author name(s). I recommend the paper to be accepted for publication after reformatting of the paper according to the guidelines of the journal.	We agree with all the comments. We will make all the corrections proposed
Minor REVISION comments	There are numerous typographical and other minor corrections to be made in respective pages of the document which I have indicated. These corrections have also to be addressed before the paper is finally accepted for publication.	We have taken acknowledgement of the remarks. The corrections will be made and addressed
Optional/General comments	None	Thanks
