FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<ul style="list-style-type: none"> - The use of unit should check, e.g. kg/ha rather than Kg/ha. - The abbreviation usage for the first time should be mentioned; e.g. RUE, PUE and AUE in your objectives. - In your objective, what is RUE? No mentioned! - Citation style should be consistent; e.g. (Subbarao, <i>et. al.</i>, 2013) and (Englesjord <i>et al.</i>, 1997). - Double-check the minor error of English grammar; e.g. space, full stop, commas. - The author should check the heading system; e.g. bold or italic or numbering in the first title, sub-title, sub-sub-title to be equal rank. Should be uniform or consistent. - The finding is interesting and the conclusion is informative. 	<p>Dear Prof. Dr,</p> <p>Thanks for your valuable comments. I have followed all suggestions you have mentioned in my manuscript.</p>
