**SDI Review Form 1.6**

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p><b>-I do not follow your conclusion using this statement in your abstract “The study revealed that the dominant water consumption in the area is absolutely domestic indicating an <u>agrarian economy</u>.”.</b></p> <p>-The R-squared of 35.0 is very critical in your study. Are you able to expatiate on its value derived here in order to validate the reliability of your results?</p> <p>-You can attempt to proffer feasible solutions for each community separately</p> <p>-This is no clearly defined “aim” in your study. -Arrange your objectives employed in this study to realize the aim please</p>	
<b>Minor</b> REVISION comments	<p>-On the study area section, you need cite as appropriate where the obtained the information</p> <p>-Don't you think that the 10 households randomly selected from each of the villages is small? Although, you did not mention the total households per community in your text</p>	
<b>Optional/General</b> comments	Very good research. A robust Reference section
