Compulsory REVISION comments	<p>Introduction: You are expected to point out the clear linkage between sociocultural factors and academic performance; and explain how they impact each other. Does sociocultural factors leads to poor academic performance in school? How? in what manner? Explain clearly. Provide tables with figures indicating students academic performance (KCSE) ratio (2010- date) in Kenya to capture the focus of your topic. Explain whether there is improvement or not.</p> <p>Method: present the demographic information of the respondents in a tabular form.</p> <p>Results: use frequency/percentage to present your result e.g Out of 224 participants interviewed, 6(30%) of the interviewees indicated that</p> <p>Follow APA style of referencing</p>	<p>Corrections done in the Introduction: Ref the Background of study Table on KCSE performance from 2010 found unnecessary because the study focuses on a particular year, which was 2017. Hence no need for trend from 2010.</p> <p>Correction done: Demographic informatation presented in tabular form</p> <p>Percentages not used because this was a QUALITATIVE not quantitative study. In addition, data was collected from FOCUS GROUPS not interviewees.</p> <p>Vancouver style of referencing followed according to SDI requirements.</p>
