

**SDI Review Form 1.6**

Journal Name:	<a href="#">Asian Research Journal of Agriculture</a>
Manuscript Number:	Ms_ARJA_32183
Title of the Manuscript:	On Improving Seed Germination and Seedling Growth in Rice under Minimal Soil Salinity.
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

**SDI Review Form 1.6**

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	Taking fresh weight as a measurement has no meaning. Only dry weight will enough for this experiment. In material and method section- seeds were germinated under salt stress but it has not been mentioned the stress level. Therefore reader cannot get an idea about your results. The level you mentioned in the topic "minimal salt stress" should be described.	
<b>Optional/General</b> comments	Topic should be changed as" Effect of seed priming on germination and seedling growth of rice under minimal sal stress.
