Journal Name:	<a href="#">Asian Research Journal of Agriculture</a>
Manuscript Number:	<b>Ms_ARJA_39727</b>
Title of the Manuscript:	<b>The effect of drying methods on seed germination and vigour of two varieties of tomato</b>
Type of Article:	<b>Original Research Article</b>

**PART 2:**

<b>FINAL EVALUATOR'S comments on revised paper (if any)</b>	<b>Authors' response to final evaluator's comments</b>
<ul style="list-style-type: none"> <li>- It is necessary to revise the entire document for improve clarity. Many parts were clumsily written. It cannot be read without difficulty.</li> <li>- It is necessary to specify details of time of drying.</li> <li>- Each Table and Figure must be able to stand on its own, even without reading the text. Table 2: Indicate the meaning of Experiment 1 -5.</li> <li>- Most important, it is necessary to do a proper discussion of results, describing the own results, contrasting the own results with those of previous reports, and explaining the own results with the proper information.</li> </ul>	<p><b>The manuscript has been revised. It can be published as short research paper as suggested by one of the reviewers. The factors have been reduced to two. Thank you for your contributions .</b></p>
