

SDI Review Form 1.6

Journal Name:	Asian Research Journal of Mathematics
Manuscript Number:	Ms_ARJOM_43909
Title of the Manuscript:	Study for Uniform Convergence and Power Series
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Line 4-5: This sentence is incomplete- <i>It has been preliminary researched that function series and power series in mathematical analysis course</i></p> <p>Line 5-6: This sentence does not make sense- <i>There are some basic properties and the basic conclusion in the courses.</i></p> <p>Re-write the entire abstract.</p> <p>Line 38, Line 60, Line 149, Line 206, and Line 221, all carry equations with number 1 designated to them. This should not be! In line 38, the equation can be numbered 2.1. Other equations in this section can follow as 2.2, 2.3 ...</p> <p>For Line 60, you should change equation (1) to equation (3.1), others in this same section can follow as 3.2, 3.3...</p> <p>Line 269: rephrase- <i>but it can also be derived a lot of properties of function series in the deep</i></p>	<p>number series, it can also be derived a lot of pro</p>
Minor REVISION comments	<p>Line 254; variable 'f' should be in italics. Do same with other variables in text.</p>	<p>f</p>
