Title of the Manuscript:	Study for Uniform Convergence and Power Series
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The authors have not addressed the issues raised initially, namely:</p> <ol style="list-style-type: none"> 1. Recast the whole of your abstract to make sense, e.g. the sentence in line 4 does not make sense just like others in the Abstract. 2. Proofread the paper thoroughly to correct many grammatical errors and typos e.g. line 18, "basic on these theories and results, The properties" should be properly punctuated. 3. Phrases as "even if your calculus is rusty" of line 25 are unethical and should be avoided. 4. The convergence theorems in lines 27-33 should be properly stated and cited. 	<p>2. analysis course^[1] and its basic results^[1-7]. Basic on these theories and results, the properties of function series^[8-11] is been further studied, it</p> <p>3. should be familiar [or believable] them. Specifically,</p>
