**SDI Review Form 1.6**

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	<p>As you will see from the attached reviews, while the reviewer point out that your paper has the potential to make a significant contribution to the field of the research. I encourage you to consider the review comments carefully in PDF archive in e-mail.</p> <p>Thank you for considering my comments.</p> <p>The article has a problem, there doubts whether the larvae are the same species for comparison. Maybe of different families, can be natural such differentiations. It is necessary to identify the individuals possibly to family or genus.</p> <p>The study agreed with ethics morphology of Stomatopods . Anesthetized the animals before analysis, and stored them in an appropriate place.</p>	
<b><u>Minor</u></b> REVISION comments	Review abstract, reduce introduction and conclusion and review the references.	
<b><u>Optional/General</u></b> comments	In general, the article is well written and presents relevant data. But should be reviewed some comments.
