SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	you must revise your introduction, there is no space between two words like: Temperatures may, higher temperatures, the reactions, effect son. In ligne 185 you forget to mention the number of the equation 2. Your text needs to be revise with more attention	The spaces have been inserted between the respective words all through the document. The equation number has been inserted. It now reads Equation 5 due to the addition of three more equations. The article has thoroughly been read over and over again and all corrections done.
Optional/General comments	You say in your conclusion that this oil can not to be taken as food, you can complete your work by finding an application of this oil in another area.	The use of raw oil in industrial production of soaps has been added.
