

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Applied Science & Technology
Manuscript Number:	Ms_BJAST_19082
Title of the Manuscript:	Technologies in Texture Analysis – A Review
Type of the Article	Review Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
There is no reference for texture in page 2; There is no reference for fractal in page 3; There is no reference in page 3; The following sentence in page 3 must be formulated "Now the active contour models proposed in the seminar work of KASS et.Al [34]", like: Active contour models on snakes proposed in [34] provides an approach to visual analysis.....etc; There is no reference for Fourier based shape descriptor in page 4; The following sentence in page 6 must be formulated "In this paper [5] skin recognition system using neural network", like: In the work [5] or in the paper ; Figures 10 and 11 should be cited in the text in page 8; Author must explain the caption figure Fig 11.B since figure 11.A explains another work of reference [6]; Author must add reference in figure 12 and Fig 13.A; Define the reference Betta et al in page 11; Add reference [10] in page 16; Author must indicate the corresponding reference [37] in page 12; Please correct the term in red color in figure 14 in page 13, (is it pi/6); Author can respect the order of references according to their appearance in the text if possible; Author discusses Fig 16 in page 15, did the work related with the corresponding reference??; Add reference [10] in page 16; Correct the sentence "since" in page 16 ; Correct or complete the bibliographical references like : [2]: Tinku Acharya and Ajoy K.Roy, "Image processing principles and applications", ISBN978-0-471-71998-4, Wiley, October 2005 and son on; [10]: Mehran Fotouhi, Mohammad H. Rohban, Shohreh Kasaei, Senior Member, IEEE, "Skin Detection using Contourlet Texture Analysis", 14th International conference CSI, 20-21 oct 2009, Tehran, pp 367-372. All References [12], 17,19,20,21,22,23,24,25,26,27,28,30,31,32,33,36,38,39 didn't exist in the text, please author must cite each reference or remove it.	Necessary sentence corrections are made. The references that are missing are not directly referred in the survey but are used to gain understanding of the papers referred in this survey, hence they are given in the reference list.
