

SDI Review Form 1.6

Journal Name:	British Journal of Applied Science & Technology
Manuscript Number:	2015_BJAST_18615
Title of the Manuscript:	Dynamic Modeling of a Futuristic Frame-Based Knowledge Representation Using Unified Modeling Language (UML): A Case of an Intelligent Drug Marketers Tracking System (IDMTS)
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	-The paper is about a case-study so it is not clear if the proposed approach is applicable to other situations -There should be a section for related work -Author(s) used frames to represent knowledge and UML models for case studies and static data representation. The question is why to use Frames since Object Model of UML can do better because of encapsulation that is not present in Frames. If there is a justification, author(s) should explain	
<u>Minor</u> REVISION comments	-The title should contain : case-study: -Figures are not clear (missing letters: for example in figure 4 Generalization instead of generalization. The bottom of words is cut in almost all figures) -Author(s) should improve English quality. Remarks on form: -Abbreviations should be explained when first used for example in Abstract: UML (Unified Modeling Language) -Abstract: In the other hand -> On the other hand Introduction: we as external observers naturally take This sentence should be rephrased -section 2 : United State -> United States (UFI) system, which will allowed drug -> allow of food drugs -> of food, drugs -In section 3.0 : I prefer using There are basically three SYSTEMS that are generally... INSTEAD OF	

SDI Review Form 1.6

	There are basically three METHODOLOGIES that are generally ... In the same section: These methodologies/ techniques include. ??? Please enumerate systems. reason being that -> because Wood's -> Woods' ...-	
<u>Optional/General</u> comments
