SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	References used in this manuscript should be updated. Figures should be the same size and aligned. The interior text should be more readable. Figure captions should be typed at the bottom and out of the shapes. The enumeration of the main headings should be corrected. Zeros (0) should be removed from the main title number.	1. References were updated 2. Figures have been resized 3. Legend should normally be inside the graph so was not changed. 4. Zeros were removed from the main headings
<u>Minor</u> REVISION comments	Page 1, line 6: correct the word "morula" as "marula"; line 21: correct as postharvest, shelf life	1. This was corrected
<u>Optional/General</u> comments	It would be better to add the sensorial evaluation (external appearance and taste-aroma) to determine the shelf life and quality of the fruits.	This was not evaluated so cannot be included in the manuscript
