Title of the Manuscript:	Production by Pyrolysis and Analysis of Bio-oil from Mahogany Wood (<i>Genus species</i>)
New Title:	Production by Pyrolysis and Analysis of Bio-oil from Mahogany Wood (<i>Swietenia macrophylla</i>)
Type of Article:	Original research papers

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The revised version contains still some strange sentences: Add discussion of FTIR. The oil properties have been determined but not discussed by comparing with the properties of other oils.	Check for the additional discussion of FTIR. The discussion has been validated with the literature.
