Land Sustainability and Common Property Resources Management in India: Challenges and Prospects.

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The authors must pay special attention to typographical errors; the language too has lots of grammatical errors. There is lack of continuity between text, and I would suggest that the review article can be shortened because at certain points the statement seems to be repetitive.	I have revised the paper and also strengthen the same considering your comments and observations made.
<u>Minor</u> REVISION comments	They have been marked in the text.	
<u>Optional/General</u> comments
