SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	• APA referencing style guide may followed • Must include pictures and common name of plant Sanamicky; include where it grows, what conditions it requires for growth, cost of growing it etc.	Reference style guide are taken into consideration. Page 3. New paragraph about the plant sanamicky is added. Page 4. Figure 1 is added References (17-21) are added. References are renumbered. Figures are renumbered.
<u>Minor</u> REVISION comments	• The Figure 3 graph can perhaps be made at a bigger scale so that the results can be read off better; some concentration lines/colors are just not visible	Figure 3 replaced by Figure 4 and rescaled. The colors of the lines are changed.
<u>Optional/General</u> comments	• The researcher might want to include a chart of digital high definition pictures of original dyed samples; a sample after exposure to light; washing; rubbing; perspiration etc.	Not available
