SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The basement of this paper is based on the assumption of static steady regime. During the water pumped, the sloshing may occur and the dynamic movement of the water might be concerned, for example the wave at the free surface may affect the ship stability. The authors may consider this for the future studies.
