**PART 1: Review Comments**

|                                            | Reviewer's comment                                                                                                                                                                                                                                                                                                                                              | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)                                                                                                                                                                                                                                                                                                                                                                                            |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | Necessarily deleted those words and sentences noted in red colour and strike through and add those words noted in blue colour. Thorough revision is must. In the introduction part, the same message is repeated so many times. The references pointed out while discussing the results was not relevant. So include references which are relevant to the work. | <ul style="list-style-type: none"> <li>✓ Red color marking was deleted.</li> <li>✓ Those words marked in blue color were incorporated in the text.</li> <li>✓ Revision was made based on your suggestion mention in the entire text.</li> <li>✓ In introduction part the repeated message was deleted.</li> <li>✓ Combination of bispyribac sodium + metamifop was a new formulation; there was no relevant study in POE combination of this particular molecule.</li> <li>✓ Based on my knowledge, maximum references to be included in this research paper.</li> </ul> |
| <b><u>Minor</u></b> REVISION comments      |                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <b><u>Optional/General</u></b> comments    |                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
