SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Never provide citations and paragraphs in an Abstract. The following aspects should be stated clearly; the study background, motivation for the review, objectives, methodology of the review process, major findings and discussions with conclusions. The author(s) provided a wealth of information on climate change but failed to link this with crop productivity. The paper in its current state is very misleading.	Done
Minor REVISION comments	As much as possible try to reduce bulleted points and state them in a sentence form.	done
Optional/General comments	Generally, the review paper needs to be critically revised.	done
