SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The abstract is not written well, a good 'Abstract' should outline the research problem (why study), research objectives, research method, key findings and implications of findings to theory and practice. Please rewrite the abstract part.	The abstract is rewritten.
<u>Minor</u> REVISION comments	Many literatures in the literature review part, but I didn't see any discussion with the studies.	Extra paragraph has been added in the literature art.
<u>Optional/General</u> comments	This paper deals with a topic that is well suited for consideration for publication in this journal. Theoretical background is supportive. Research method and analysis has conducted with sufficient process. Overall, this is a quite well-written manuscript with mathematical methods, which produces interesting findings.
