SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. Keywords should be arranged in alphabetical order 2. Recast the word 'van' on lone 47 likewise the word 'law' on line 82 3. CR_n should be defined fully preferably "Concentration ratio for n companies in the industry concerned" 4. Cite firm categorical statement like line 102 to 103 and line 127 to 131. 5. The author specified that "According to many authors," on line 152 and only one author was cited. Recast	1. Keywords are arranged in alphabetical order. 2. Words "van" and "law" in lines 47 and 82 are corrected. 3. CR_n is already defined fully as "The concentration ratio is calculated as the sum of the percentages of the market share of a number of the largest enterprises in the industry concerned" according to Weinstock DS. Using the Herfindahl Index to Measure Concentration, The Antitrust Bulletin. 1982; 27 (2): 285-301. 4. These statements have been cited. 5. More sources have been added to support this statement.
<u>Minor</u> REVISION comments	1. Check line 202 and 203 as to whether it is points or commas that are required. Likewise line 217, 218, Figure 1 (vertical axis), line 231, line 232, line 245, line 246, line 286 and line 313. 2. Stick to one referencing style.	1. All commas have been replaced by points. 2. We have applied one referencing style (APA style).
<u>Optional/General</u> comments
