SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The author has presented work done o the subject in introduction section. The gaps should be highlighted and what is new in the study. Line 135 and line 141 is repetition. Conclusion should be supported by data	No literature available before now on influence of socio-demographic variables on electrical energy management practices among Residents of Niger State, Nigeria. That makes the study new. The study presented social classes that wasted electricity in Niger State. This will help in the area of intervention and to know the status of residents that need help.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
