SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The researcher should try to reduce or harmonise the topic to make it 15 to 18 sentences because the present one is 25 sentences which make the topic too long. The abstract page should have more results figures like 17% or mean score of 3.8 e.t.c. so it must not be ordinary words more results figures should be included. The Table 1 Companies report on sustainability elements Should come at the end of introduction page before RESEARCH METHOD. The researcher should talk about the total population and show us the method used in selecting the sample size was selected from the total population. The objectives of the work was not clearly stated. The researcher should state clearly the research objectives or research questions.	Ok I'm sorry but I don't understand this comment. Ok Ok

SDI Review Form 1.6
