**PART 1: Review Comments**

|                                            | Reviewer's comment                                                                                                                                                                                 | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)                                                                                                                                                                 |
|--------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | Is there any data about home industry in your country?<br>The data is about the total output, profit, and the population involved in home industry.<br><br><b>I cannot find part 4 and part 5.</b> | We have no data of home industries; this study will identify the problem of home industries in each level to choose the best strategy for developing their performance<br>- Data provided only information as shown in table 1<br>- There is a little mistake; part 4 conclusion and discussion and part 5 bibliography; it have been revised |
| <b><u>Minor</u></b> REVISION comments      | Do you have a typical case about a startup IR transferring into a developing IR or a developing IR transferring into a developed IR?                                                               | - The results of this study will identify the typical and problems in transferring IR startup to developing IR                                                                                                                                                                                                                                |
| <b><u>Optional/General</u></b> comments    | None.                                                                                                                                                                                              | ok                                                                                                                                                                                                                                                                                                                                            |
