SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	• Literature Review Although the manuscript is very interesting, it is necessary to improve the literature review, presenting and discussing other international journal's published papers on the same subject. It will strength the manuscript and situate it among the actual state of art about crypto currencies. • Results and discussion Right in the abstract, the authors posit the goal of "identify the reasons for opposing the production of their legal status in Russia and other countries". The first topic of conclusion discuss the restrictions of countries. It seems the authors could improve the legal situation of crypto currencies in Russia. From the improvement in the literature review, the authors could increase the evidences that support their conclusion.	
<u>Minor</u> REVISION comments	• In the picture 1, A equals 21 mln whilst it is 21 bln. • An English grammar and spelling review seems to be necessary in certain points of the text.	
<u>Optional/General</u> comments
