PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
According to the requirement of the reviewer comments, the author made a major revision about this paper. The modified paper corrected the grammatical errors and the format of the references. At the same time, the test results of the mathematical model were presented in the form of appendix, making the paper's structure and logic more clear. In addition, the author also added the supplement and explanation of empirical data and the illustration of hypothesis test. From what has been discussed above, the author could satisfy the demands of modification in the reviewer comments, so suggesting that paper publishing as scheduled.
