

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Economics, Management & Trade
Manuscript Number:	Ms_BJEMT_30476
Title of the Manuscript:	METHODOLOGICAL PRINCIPLES OF FORMATION OF TARIFFS FOR RAILWAY

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Still I am of the opinion that 1) "Review of Literature" has been summarised in four lines which must be expanded further 2) There were many grammatical error which I have corrected (corrected area highlighted for Author to assess the need of correction) 3) Bibliography needs to cited as per International Standard (APA).Initial two citations has been corrected, rest work to be done by Author. 4) It is better if you replace the word "Scientist" by "Researcher" as both are different. My aim is not to demotivate the researcher, rather taking our work near to perfection. Please remember, I have studied Ukraine Rail Tariff Law (http://www.transport-ukraine.eu/en/docs/law-ukraine-quoton-railway-transportquot) for this review. All the best METHODOLOGICAL PRINCIPLES OF FORMATION OF TARIFFS FOR RAILWAY (Title not clear, It should be something like: (Formation of Methodological Principles for Railway Tariff in Ukraine)
