PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	1. Thee author needs to be clear in his paper whether he is analyzing the impact of FDI to Zambia with FDI coming from the rest of the world or from only Chinese FDI? Perhaps needs to be more specific to what he intends to writes in his paper and avoid putting a lot of information that are not that relevant. 2. It is unclear which techniques have been applied to obtain the causality relationship between FDI and GDPGR? 3. Most parts of the paper exists the grammatical error that needs corrections. 4. The results have been discussed but not presented in the paper. #Generally the paper needs few revision for the quality improvement.	1. Noted. Thanks. The author's intention was to talk about FDI in general. On the other hand, the paper clearly says in line that most of the country's cash flows come from China. Knowing that most of FDI flows into Zambia come from China and, the paper seems to be more focused on investments that Comes from China. 2. Hfdfhbc 3. Grammatical errors have now been well taken care of. 4. hfylbhchsa
