SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	* It is understood that the study uses time-series methodology. There are technical terms that can be found in the discussion of results. Suggestion: It is encouraged to contextualize these findings by discussing it "on common parlance". This will connect the statistical analysis and the situations "understandable by common readers". * Provide elaborate discussions on the trend, pattern and seasonality of the prices and volume of vegetables.	
<u>Minor</u> REVISION comments	* Enhance discussion of findings by adding literature as support. * Citation of authors of some statistical methodology in the Method and Results are necessary to be reflected at the end of the statement.	
<u>Optional/General</u> comments	* Improve the format and placement as well as the pixel quality of the equations and formulae used under Method.
