SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The paper is not well structure. The paper should be restructured as: From 2.1(WHEN IS FDI SAID TO HAVE TAKEN PLACE?) and 3 should be under literature review. Tables should be properly presented in a clear and simple format. And each table should be properly labelled. From table 1(with title) to the last. And figures should not be left-out. METHODOLOGY: The data employed for the research is different the data presented in table..? (Sources: CSO, MOFNP and BOZ). And the researcher present about two set of data for analysis from various sources e.g. annual reports, world bank etc. and they are not extracted and presented in tables in the main work or in the appendix. The results of the analyses are missing, which are the findings of the work. The result and dissuasion, conclusion and recommendations are not adequate (we are not presented with results to support them). Reference:	

SDI Review Form 1.6

	The references are not well formatted, with standard referencing method.	
Minor REVISION comments		
Optional/General comments		

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
