SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Fig 1. For market channel under the results section is not well presented, it does not reflect what was in the explanations. It could be better if the figure is presented in a vertical way. This will distinguish the flow of commodity and information from one market actor to another. 2. Also the symbol for consumer must be in cycle form to differentiate from other actors. The results section is overloaded, authors must reduce unnecessary sections e.g. no need of explaining much the marketing functions performed by actors such as storage, financing, selling and buying.	
Minor REVISION comments		
Optional/General comments	The Paper is good and suitable for publication
