SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	This study is interesting and demonstrates a significant finding; however the presentation and the discussion need to be reorganize and rewrite to make it suitable for publication. For example, literature is added, e.g. Yılmaz, E., Özdemir, G., Oraman, Y., 2012 " Women entrepreneurs: Their Problems and entrepreneurial ideas" African Journal of Business Management Vol. 6(26), pp. 7896-7904, 4 July, 2012, ISSN 1993-8233 ©2012 Academic Journals, pp.7896-7904. The following findings are important in this study and should be emphasized in the suggestions section and solutions should be developed for them. -Majority of women (64%) use micro finance institutions as the main source of start-up funding in financing their enterprises. -Majority of women (74%) establish their enterprise in the form of cooperatives. -In female entrepreneurs, main constraint (48%) is access to technology	
Optional/General comments
