SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	I suggest shortening of the statement of the problem. I also suggest that around the findings certain ideas highlighted need support of statistics or sources of data to transform the ideas from ordinary stories to facts. The author's point of departure needs to be clear so that his new thinking contributes clearly to the older ideas.	
<u>Minor</u> REVISION comments	The writer could attend to areas specified as sense or remove.	
<u>Optional/General</u> comments	n/a
