Either the proficient user of English who has edited this article is not aware of the standard of the journal or the author has not been able to explain the purpose of editing the article. The author should be clear that this article will have to be completely rewritten if it is to be published. The flow of ideas is confused and there are many errors.	Dear Reviewer, It is with great pleasure to make familiar with a knowledgeable reviewer. I have, to some extent, revised it grammatically. I would be very much grateful if you highlight the errors urgently. The ideas are relative to the topic. Anyway, I give you full authority to do whatever is necessary for its correction. I would be very much grateful if you correct it for me based on your suggested corrections. Best Regards, Mohammad Amin Manoochehri
