Have gone through the revised version of manuscript. I conclude the manuscript need following correction:

line 168: *Thevetia* capitalize and italics

Page 13: line 282 specie correct to species

Line 320: check spelling of cardenolides

Line 328: Na⁺/K⁺ ATPases (sodium- potassium adenosine triphosphatase enzymes) they are not enzyme system but enzymes only

Kindly check the spacing of the text in the entire manuscript.
