

Editor's comments:

I conclude the manuscript need following correction:

line 168: *Thevetia* capitalize and italics

Page 13: line 282 specie correct to species

Line 320: check spelling of cardenolides

Line 328: Na⁺/K⁺ ATPases (sodium- potassium adenosine triphosphatase enzymes) they are not enzyme system but enzymes only

Kindly check the spacing of the text in the entire manuscript.

Author's feedback:

Thanks to the Editor for these comments. I also want to apologise on behalf of myself and other authors for replying a little behind schedule. However, all comments have been duly attuned and the corrections effected.
