

SDI FINAL EVALUATION FORM 1.1**PART 1:**

Journal Name:	Biotechnology Journal International
Manuscript Number:	Ms_BJI_34290
Title of the Manuscript:	Optimization and lipase production of <i>Lysinibacillus sphaericus</i> in domestic oil rich waste water
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
I could say that the response of authors to my comments is confusing as they mixed up different enzymes which were elaborated in different papers, unknown to me, and also they refer "...different hydrolytic enzymes such as lipase, cellulose, amylase..."; it is well known that cellulose is not an enzyme.
